

SPLITFIRE

Based on the Matchless Spitfire Amplifier

Disclaimer: Use this layout and any Watts Tube Audio products at your own risk. Guitar amplifiers carry potentially fatal high voltages. If you are in any way unfamiliar with high voltage circuits or are uncomfortable working around high voltages, PLEASE DO NOT RISK YOUR LIFE BY BUILDING THEM. Seek help from a competent technician before building any unfamiliar electronics circuit. WE EXPRESSLY DISCLAIM ALL LIABILITY FOR INJURY OR PROPERTY DAMAGE RESULTING FROM ANY OF OUR PRODUCTS OR SERVICES.
