

NOTES:

- 1) All resistors 1W unless otherwise noted - Composition is builders choice.
- 2) Power and output transformers are Dynaco MkIII / Sunn 2000 replacement parts.
- 3) Power and output transformers can be substituted with Hammond 300BX and Hammond 1650NA
- 4) Choke L1 is Hammond 157L 14H 75mA; DCR 430 - Can use any part with 10 - 20H => 50mA.
- 5) Upper channel is based on a 2204 and lower is based on 1987mkII.
- 6) UL output stage for to taunt and/or torment Richie Blackmore fans.
- 7) Bootstrapped V4 for more gain since 1959/1987 type preamps need all the help they can get.
